

**Would you like to take part in research studies to better understand TBI and PTSD? Both military service members and family members can enroll.  
Together we can make a difference!**

**If you agree to enroll, we can tell you about a variety of CNRM studies at the National Institutes of Health, Ft. Belvoir Community Hospital and Walter Reed National Military Medical Center, that address TBI, PTSD, and related conditions.**

You may be eligible if you:

- ✓ Are DEERS eligible, whether active duty, retired, or a family member
- ✓ Are 18 years of age or older
- ✓ Have signs and symptoms of TBI, PTSD, or are in good health

If you qualify:

You may be scheduled for an outpatient visit at Uniformed Services University in Bethesda, MD, Walter Reed National Military Medical Center or at Ft. Belvoir Community Hospital, for a physical exam, medical history, blood draw, magnetic resonance imaging (MRI), and questionnaires.

**All study-related procedures are provided at no cost to you.  
Compensation for your time may be provided.**

**Phone (Toll Free): 1-855-TBI-CNRM (824-2676)
